NOVAtime to Debut NOVAtime 4000 Software as a Service and the NT6500 "Push Technology" touch-screen terminals at the American Payroll Association 25th Congress

NOVAtime announced its participation in the 25th Annual Congress of the American Payroll Association (APA) to share their new hosted Time and Attendance / Workforce Management Solution and the new NT6500 "push technology" touch-screen terminals with all attending Human Resource and Payroll professionals!

Monterey Park, CA (PRWEB) May 22, 2007 -- NOVAtime (www.novatime.com), an innovative technology company that develops Time and Attendance / Workforce Management Solutions, today announced that it will showcase their new hosted solution, NOVAtime 4000 Software as a Service (SaaS), and the new NT6500 "push technology" terminals at the American Payroll Association (APA) Congress in Las Vegas, Nevada between May 23rd and May 25th, 2007.

 NOVAtime will be on display with their 20' booth at the Booth #206.

 "The annual APA Congress is an extraordinary payroll event with great exposure. We will show payroll and human resource professionals our complete Time and Attendance / Workforce Management product line; especially our web-based NOVAtime 4000 Software as a Service (SaaS) hosted solution. It is perfect for any size company with less IT management," said Frank Su, NOVAtime's Founder and President. Mr. Su added, "NOVAtime 4000 is subscription-based, so companies only have to pay for what they use. Customers get to enjoy enterprise-class reliability and performance, and never worry about out-dated software."

 Many Payroll and HR personnel from around the country will attend to experience insightful keynotes and guest speakers, including government officials and industry experts, to share strategies for leadership. This year's annual APA Congress offers information-packed workshops in nine breakout sessions. Attendees will continue to enhance their payroll and HR skills and knowledge with education, and learn more about products and solutions offered by companies like NOVAtime.

 "Besides our new hosted solution, we're excited to debut the new NT6500 "push technology" touch-screen terminal. It's a fully functional time clock with kiosk features. What's great about this product is that all you need is an Internet connection and no data-collection--the time clock "pushes" employee punch-data to the NOVAtime database--real-time," says James Schultz, NOVAtime's Director of QA and Training.

 Because of the tremendous job that NOVAtime and its business partners have all done over the last 8 years, NOVAtime's continued support of the APA and exposure with other national exhibits; organizations recognize the NOVAtime brand name as an industry leader in Time and Attendance / Workforce Management.
