

NOVAtime Introduces NOVApower Analytics at HR Tech Conference in Chicago at Booth # 1648

NOVAtime announces its plans to participate in HR Technology Conference & Exposition while showcasing its new BI tool, NOVApower Analytics.

"Our customers will be able to transform years of data into invaluable analytical reports, charts, and graphs in seconds."

DIAMOND BAR, CALIF. (PRWEB) September 29, 2016 -- NOVAtime Technology, Inc. (<http://www.novatime.com>), a leading provider of enterprise Time and Attendance / Workforce Management solutions, announced its participation in HR Technology Conference & Exposition as it unveils a new Business Intelligence (BI) tool, NOVApower Analytics.

HR Technology Conference & Exposition will be held between October 4 – 7, 2016 at McCormick Place in Chicago, IL. HR Tech creates a space to feature all of the latest technology and trends in the human resources arena, including cloud computing, SaaS, social media, Big Data, mobile, and analytics. Technological advances invariably change the way companies execute HR functions, and HR Tech gathers all of these in one place. Since HR Tech is the largest expo of its kind, many companies choose to use this platform to unveil many of their latest products and offerings.

NOVAtime will be located at Booth #1648 at HR Tech where they will be demonstrating their latest innovations in workforce management. At the forefront of these demonstrations is [NOVApower Analytics](#). This new business intelligence tool allows managers to transform years of day-to-day labor data into valuable business analytics that can alleviate labor costs. "Our customers will be able to transform years of data into invaluable analytical reports, charts, and graphs in seconds," said Brian Harris, Vice President of Client Services. "Whether using one of the many prebuilt templates, or creating a brand new report in a few keystrokes, NOVApower Analytics brings NOVAtime's workforce management solution to a new level." NOVAtime also teased the new tool with a [short video](#), highlighting some of its unique features.
