"My favorite feature is the dashboard which allows me to see everything in one place with a quick glance."

Caffè Ettore was looking for a Workforce Management / Time and Attendance solution that could track everything from their scheduling to timekeeping and employee management. To service Caffè Ettore's 160 employees and ten supervisors across multiple locations, NOVAtime provided a [web punch interface using their current tablets](#) that lets them view and manage everything from one central location.

Jennifer Langley, Ettore's Corporate Office Manager, says that since implementing NOVAtime three months ago their management finds it much easier to manage staff punches and schedules, as well as monitor breaks and leave. They use NOVAtime's [Advance Schedule Manager \(ASM\)](#) to streamline their employee scheduling and [FMLA module for leave management](#).

"I like the ease of the system and I love that there is so much information highlighted and easily visible," she says, "My favorite feature is the dashboard which allows me to see everything in one place with a quick glance." Regarding NOVAtime's implementation team Jennifer says, "The services I have received from NOVAtime have been great. Everyone is very knowledgeable and explains everything thoroughly." Ettore's uses Ascentis to process its payroll.
